FOREWORD

The Illinois Teacher Salary Study is conducted annually. Pursuant to Section 2-3.103 of the Illinois School Code, this publication contains information on teacher salary policies, salaries paid, and fringe benefits. The 2007-08 report was prepared by the Illinois State Board of Education, Data Analysis and Progress Reporting Division. Data in this report are presented in two sections. Section I contains tables with statewide summaries. Section II includes data for each district.

To reduce costs associated with printing and mailing, this report is disseminated in electronic form. It is available online at www.isbe.net/research or via e-mail upon request. Readers can search for individual districts or topics by keywords. In Tables 19-21, salary information for individual districts spans two pages; it is recommended that relevant pages be placed side by side to facilitate the reading of these tables. Districts are identified by the county-district codes on these pages.

Questions or comments on this report may be directed to the Data Analysis and Progress Reporting Division at 217/782-3950.

* Teacher-1 is when all/part of the premium is paid by the district. Teacher-2 is when the policy is offered under the district name but none of the premium is paid by the district.

** Family-1 is when all/part of the premium is paid by the district. Family-2 is when the policy is offered under the district name but none of the premium is paid by the district.

Based only on districts that reported actual costs for prescription insurance premiums.

SECTION II. INDIVIDUAL DISTRICT SALARIES AND FRINGE BENEFITS

This section contains information on teacher salaries and selected fringe benefits for all regular districts, area vocational centers, and special education cooperatives. Data presented in this section are from two sources:

1. The 2007-08 Illinois Teacher Salary Study form was completed and submitted by superintendents of all Illinois school districts, as well as by directors of special education cooperatives and area vocational centers. The scheduled salaries reported by superintendents/directors and presented in this study are for the “regular school year” (180-185 school days) for “regular teaching duties,” and include the Teachers’ Retirement System (TRS) contribution. The scheduled salary summary tables presented do not include additional pay received by some teachers for: (1) extra duties, (2) extended school-year employment, or (3) longevity service, which is reported as a separate data item.

2. Average paid salary information was obtained from the Teacher Service Record form, which is completed and submitted annually by district superintendents and directors of special education cooperatives and area vocational centers. This salary is the compensation reported as earnings to TRS of full-time elementary, secondary, and special education teachers, and includes pay for: (1) extra duties; (2) extended work time, if these are included in the teacher’s employment contract; (3) longevity service; (4) retirement; and (5) cost of insurance benefits, if it is reported to TRS as part of the teacher’s paid salary.

Information for regular districts in Section II is presented by district type (elementary, secondary, and unit) and size. The size categories in terms of student enrollment are:

- (1) Below 500 Enrollment
- (2) 500 - 999 Enrollment
- (3) 1,000 - 2,999 Enrollment
- (4) 3,000 - 5,999 Enrollment
- (5) 6,000 - 11,999 Enrollment
- (6) 12,000 & Above Enrollment

For details on the column headings of the following tables, see Appendix C.

APPENDIX C

DETAILS ON COLUMN HEADINGS

The column headings for tables in Section II are described below.

1. County-District Code. The first three digits refer to the county in which the educational unit office (school district, area vocational center, or special education cooperative) is located. Appendix A presents a list of all county names, accompanied by their respective code numbers. The last four digits refer to the district/area vocational center/special education cooperative number within the respective county.
2. Name of District, Center, or Cooperative. Each county-district code is followed by the name of the educational unit.
3. Number of Teachers. This column lists the number of full-time elementary, secondary, and special education classroom teachers reported by each educational unit on the Teacher Service Record during fall 2007. This number does not include part-time teachers, teacher aides, librarians, counselors, or other nonteaching personnel.
4. Teacher Salary Schedule: 2007-08. These three columns include the beginning, maximum, and longevity scheduled salaries for teachers holding: (1) a bachelor's degree, (2) a master's degree, and/or (3) a master's degree plus 30-32 semester hours. The numbers in parentheses indicate the number of annual salary increases (years) necessary to reach the maximum salary. Also, the scheduled salary for a master's degree with 10 years of experience is presented between the columns for the master's degree and master's degree plus 30-32 semester hours. All scheduled salaries are for the "regular" calendar school year and exclude additional pay for "extra duties." These scheduled salaries include the tax-sheltered retirement contribution paid or deposited by the educational unit on behalf of the teachers to the Teachers' Retirement System.
5. County-District Code. The first column of numbers on each right-hand (odd-numbered) page repeats the county-district code for each educational unit.
6. Highest Scheduled Salary: 2007-08. This salary figure is the highest possible salary provided by each district's, center's, or cooperative's schedule or policy. The number in parentheses to the left indicates the number of annual salary increases (years) necessary to reach the highest scheduled salary. The next data item is the highest possible salary with longevity. The number in parentheses to the left indicates the number of annual salary increases necessary to reach the highest scheduled salary with longevity.

7. Increase: 2006-07 to 2007-08. These three columns present the 2006-07 to 2007-08 increase in the minimum and maximum scheduled salaries for the bachelor's degree, master's degree, and master's degree plus 30-32 semester hours. Dashes (--) in these columns indicate either: (1) there was a decrease from 2006-07 to 2007-08, or (2) no scheduled salary was provided at that degree level.
8. Degree and Semester Hours Required. This column discloses the degree status and semester hours required to reach the highest scheduled salary.
9. Average Years of Experience. This column provides the average years of teaching experience (total in district, out-of-district, out-of-state) for full-time classroom teachers.
10. Teachers' Retirement System. This column provides the percentage of the salary that is considered board paid into the Teachers' Retirement System.
11. Negotiated Agreement. "Yes" or "No" in this column indicates whether there is a negotiated agreement between the school board and the teacher organization.
12. Fair Share. "Yes" or "No" in this column indicates whether there is a Fair Share clause in the negotiated agreement between the school board and the teacher organization.
13. Affiliation. This column shows the affiliation of the local teacher organization for those educational units that have a negotiated agreement.

Blank spaces or dashes (--) denote that the column of information either did not apply or could not be provided.
