

Kaneland Board of Education Committees

Finance Advisory Committee

Mission Statement

The mission of the Finance Advisory Committee (FAC) for the Kaneland Community Unit School District is to improve the education of the children, youth and adults of the district by monitoring financial issues and trends facing the District and advising the Board of Education regarding them.

The goals of the FAC are to:

- Study and deliberate regarding financial problems, issues and questions of concern to the district and to report the results of its activities to the Board of Education and district administration. This will include the development and monitoring of a multi-year financial plan.
- Advise the Board of Education and administration of district finances, including but not limited to policies regarding financial management, referendums (e.g., amount, timing, need) and the annual audit.
- Facilitate cooperation and communication regarding these financial affairs between the schools/school district and the community.
